

Competitive Bidding Training Module
Thu 11/18/2004 4:21 PM

If you would like some guidance in terms of the Competitive Bidding procedures for this year 8 filing, I've completed another training module on my website. You will need to go to:

<http://staffweb.esc12.net/~cgeorge/>

There, at the top are the selections of training video sections. The newest one is the one on competitive bidding. If you have Flash loaded on your CPU, you should be able to get this just fine.

Let me know if this kind of training works for you!
