

Training Presentations Available
Wed 11/3/2004 3:39 PM

There have been a couple of training presentations created for you that will hopefully assist you in many aspects of the E-Rate process.

The location for these training presentations are: <http://starbak.esc12.net/cgeorge/>

Currently there are two presentations available:

1. **Form 470**
2. **Technology Planning**

Soon we hope to have "**Miscellaneous PIA Updates**" available too. Keep watch on this site for continued presentations.

Please let me know if these are supportive to your training needs. In our effort to continuously serve you better, we need your comments. Thank you!
